At eleven dances per half, estimating four minutes for getting on, dancing and getting off, that's fortyfour minutes. We're allocated ninety (that's twice fortyfive) minutes. If we stuff around, we may have to drop a dance. On the other hand, some dances are noticeably short, so we may need an extra.

The PMM reserve the right to insert "Maid of the Mill" if time allows and the opportunity presents itself. (If we do it, we've got to be quick, the Front Man must speak, and the rest of us must shut up!)
